

# Patient Financial Policy

At BGO we are committed to providing you with the best possible care and are pleased to discuss our professional fees with you at any time. Our fees for services are based on the level of professional skill required, the severity and complexity of the injury or illness, as well as the time spent treating you. The patient or responsible party is responsible for seeing that the entire bill is paid in full. BGO is contractually obligated to all insurance companies to collect on balances that are the patient's responsibility. Your clear understanding of our Financial Policy is important to our professional relationship.

**Insurance:** Billing of insurance is a courtesy we provide our patients and is not required by law. Our professional services are rendered to a person, not an insurance company. The insurance company is responsible to the patient and the patient is responsible to us. Therefore, if your insurance does not respond within 30 days the bill will become your responsibility. Please notify us if your insurance carrier or policy has changed.

**Copayments:** Your insurance contract **REQUIRES** that we collect your designated co-pay at the time of service. Please be prepared to pay your co-pay prior to each visit.

**Deductibles and Co-Insurance:** BGO will verify your insurance benefits and you will be expected to pay your deductible amounts prior to services being rendered. For MRI and Injections, deductible amounts can be paid the date of service. For all surgeries, deductible amounts must be paid prior to date of service. If you have questions regarding any amount due after insurance has processed your claim, please contact them directly.

**Non-Covered Services:** If your insurance plan determines that a service is not covered for any reason you will be responsible for payment of the charges.

**Durable Medical Equipment (DME):** Some DME items may not be covered by your insurance plan and you will be asked to pay in full at the time of service. All items are new when given and cannot be returned.

**Non-Participating Insurance Plans or "Out of Network":** It is the responsibility of the patient to verify whether BGO contracts with your insurance plan. Any outstanding balances are the responsibility of the patient. Insurance companies sometimes use the phrase "usual and customary" or "out of network" when discussing our fees. Insurance companies set their own "usual and customary" rates based on a wide geographic area and the fees we charge may differ.

**Referrals:** If your insurance plan requires a referral from your primary care physician or "Passport Provider" it is your responsibility to obtain this prior to your appointment and have it with you at the time of the appointment. If you do not have your referral you may be required to reschedule.

**Workers Compensation/Other Accident Cases:** In order for BGO to file a claim with your work comp or other liability carrier you must provide complete billing information. Without this information, we are unable to bill your insurance carrier and we will ask for payment in full at the time of service. Patients shall be financially responsible for medical services related to work comp/accident if insurance fails to pay in full. BGO will not bill attorneys for medical services.

**Self-Pay/Uninsured:** Payment in full is required for all self-pay/uninsured patients. For new patients, \$230 for physician services without x-rays performed at time of service and \$150 for physician services with x-rays performed at time of service. Any fees remaining will be collected following your appointment at check-out.

**Minors of Divorced Parents and Child Custody Cases:** Both parents are financially responsible for care rendered to minor children. We do not get involved in divorce situations and the parent that signs for the child will be financially responsible and any statements will be mailed directly to that parent.

**Post-Operative Surgery Charges:** Following most surgical procedures, related office visits are included and will not be charged during the 10 or 90-day post-operative period. Services such as x-rays, casting and materials, Durable Medical Equipment, and injections will be charged separately during this time.

Payment for services may be paid by cash, personal check, Visa, MasterCard, Discover, or American Express. Responsible parties will be responsible for any collection fees, interest, and other expenses necessary to collect on any account, including court costs should legal action be necessary to collect. Any returned check from the bank for non-payment (insufficient funds) shall result in the patient's account being assessed a \$50 fee per check returned. Please sign that you have read and agree to this Financial Policy.
